

Griffith

REHABILITATION HOSPITAL

At Griffith Rehabilitation Hospital, our patients always come first.

Griffith is a 55-bed specialised private rehabilitation hospital in metropolitan Adelaide, committed to achieving the best possible outcomes for our patients. We offer effective and individually tailored programs with the objective of maximising recovery and achieving a return to home, work or that favourite sport or pastime.

Our multidisciplinary team provides information and training in a warm, supportive and friendly environment for each client and their family/carer.
